#### Unique features

- ✓ Durable, high quality powder coated material
- ✓ Special rubber feet to prevent from sliding
- ✓ Easy to move because of the convenient handle
- ✓ Maximum stability because of the total secure-system of the front wheel
- ✓ Suitable from 15 to 19 tire inches, tire width from 90 to 130 mm

**With the Acebikes SteadyStand your motorbike is firmly anchored in seconds.**

The SteadyStand is suitable for 15 to 19 inch tires, with a tire width of 90 up to 130 mm. This makes the SteadyStand ideal for home use. Because you can put your motorbike upright, it doesn't take much space in your garage. The SteadyStand is fully designed for total ease of use and quality. The unique and specially designed rubber feet prevent the SteadyStand from sliding, and it is easy to move because of the convenient handle. The SteadyStand is easy to store because of the small size and light weight materials.

## SteadyStand

# SteadyStand Multi

**With the Acebikes SteadyStand Multi your motorbike is firmly anchored in seconds.**

This makes the SteadyStand Multi ideal for home use. Because you can put your motorbike upright, it doesn't take much space in your garage. The SteadyStand Multi is easy to store because of the small size and light weight materials. The SteadyStand Multi is fully designed for total ease of use and quality, and is completely adjustable without tools. This easy-adjust system is perfect when you own more than one motorbike or if you want to switch between the front and the rear tire. The SteadyStand Multi is suitable for 15 to 21 inch tires with a tire width of 90 up to 200 mm. The unique and specially designed rubber feet prevent the SteadyStand Multi from sliding.

#### Unique features

- ✓ Durable, high quality powder coated material
- ✓ Completely adjustable without tools / easy-adjust system
- ✓ Special rubber feet to prevent from sliding
- ✓ Maximum stability because of the total secure-system of the front wheel
- ✓ Fully adjustable , also very suitable for bigger motorbikes
- ✓ Suitable from 15 to 21 inches, tire width from 90 to 200 mm

#### Unique features

- ✔ Durable materials
- ✔ Fully galvanized groundparts, to prevent rust
- ✔ Suitable for sportbikes with small sidecases
- ✔ Air vents on both sides to prevent moisture
- ✔ Included mounting hardware and solid security straps

The Acebikes Folding Garage is a perfect solution for motorbike owners with no garage. The Folding Garage creates an instant wind-sheltered spot on private property.

The Folding Garage prevents your motorbike, quad or scooter from any weather influence. Manufactured with durable, high quality strong polyester Marine Canvas, this Folding Garage is water resistant, resistant to UV damage and it will not shrink or stretch. The plastic bearing pivot points prevent rust and ensure sustainability and the air vents on both sides prevent moisture on your motorbike.

# TRANSPORT

## SteadyStand Fixed

The galvanized Acebikes SteadyStand Fixed is designed to make clever use of gravity.

The SteadyStand Fixed can easily be mounted onto the floor of a trailer or van. You can ride your motorbike into the SteadyStand Fixed to make it stand in an upright position. The weight ensures the motorbike to be firmly anchored. The only thing left is to put the straps onto your motorbike for a total secured position. The SteadyStand Fixed is adjustable for different wheel sizes, suitable for 10 to 19 inch tires with a tire width of 90 mm up to 130 mm.

### Unique features

- ✓ Durable galvanized materials
- ✓ Anchorable on any hard surface
- ✓ Including mounting hardware
- ✓ Maximum stability because of the total secure-system of the front wheel
- ✓ Adjustable for different wheel sizes, suitable for 10 to 19 tire inches, tire width from 90 to 130 mm

#### Unique features

- ✓ Adjustable without tools / easy-adjust system
- ✓ Fully adjustable and therefore also suitable for larger motorbikes
- ✓ Durable galvanized materials
- ✓ Ideal for using onto trailers or vans
- ✓ Maximum stability because of the total secure-system of the front wheel
- ✓ Anchorable on any hard surface
- ✓ Including mounting hardware

**The galvanized Acebikes SteadyStand Multi Fixed is designed to make clever use of gravity.**

The SteadyStand Multi Fixed can easily be mounted onto the floor of a trailer or van. You can ride your motorbike into the SteadyStand Multi Fixed to make it stand in an upright position. The weight ensures the motorbike to be firmly anchored. The only thing left is to put the straps onto your motorbike to ensure a safe and firm position. The SteadyStand Multi Fixed is cleverly designed to be adjusted without tools. This easy-adjust system is perfect when you own more than one motorbike or if you want to switch between the front and the rear tire. The Steady Stand Multi Fixed is suitable for 15 to 21 inch tires, with a tire width from 90 up to 200 mm.

**SteadyStand Multi Fixed**

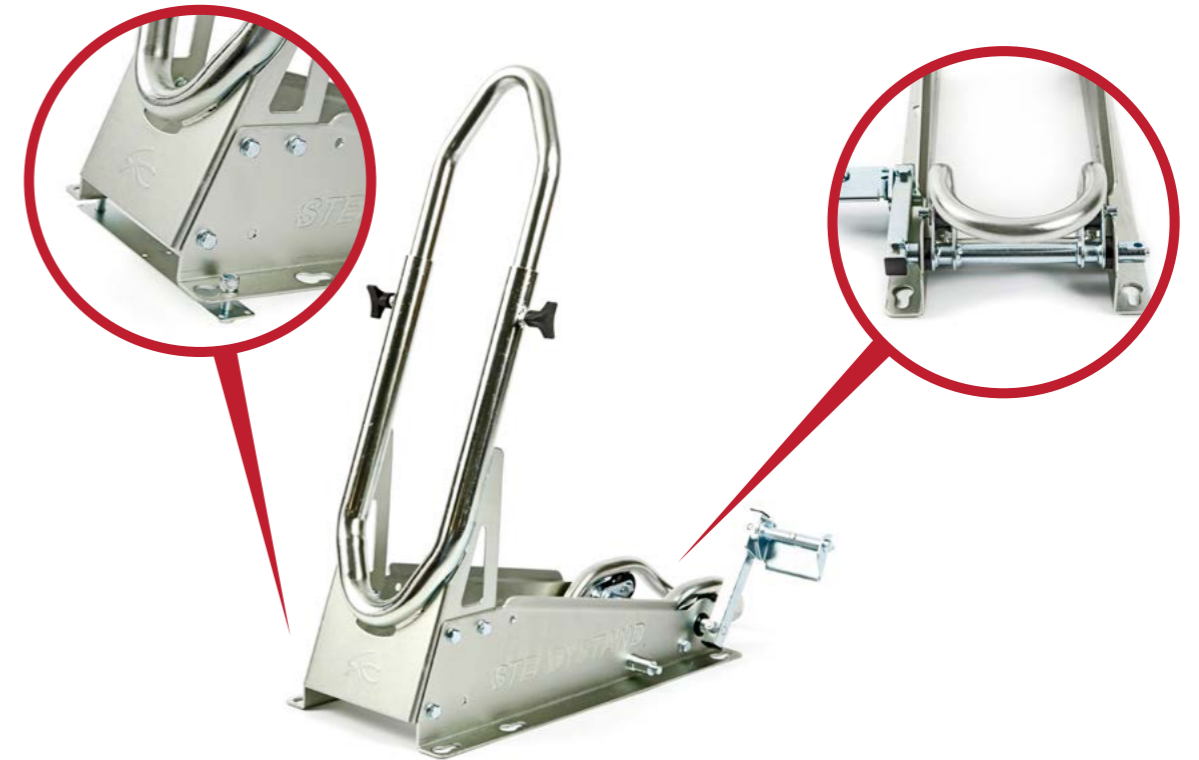

## SteadyStand Cross

### The galvanized Acebikes SteadyStand Cross is especially developed for dirtbikes.

The SteadyStand Cross has a clever clamping device, which will ensure your motorbike from moving or leaning over. This SteadyStand is suitable for 18 to 21 inch tires and for tire widths from 90 up to 120 mm.

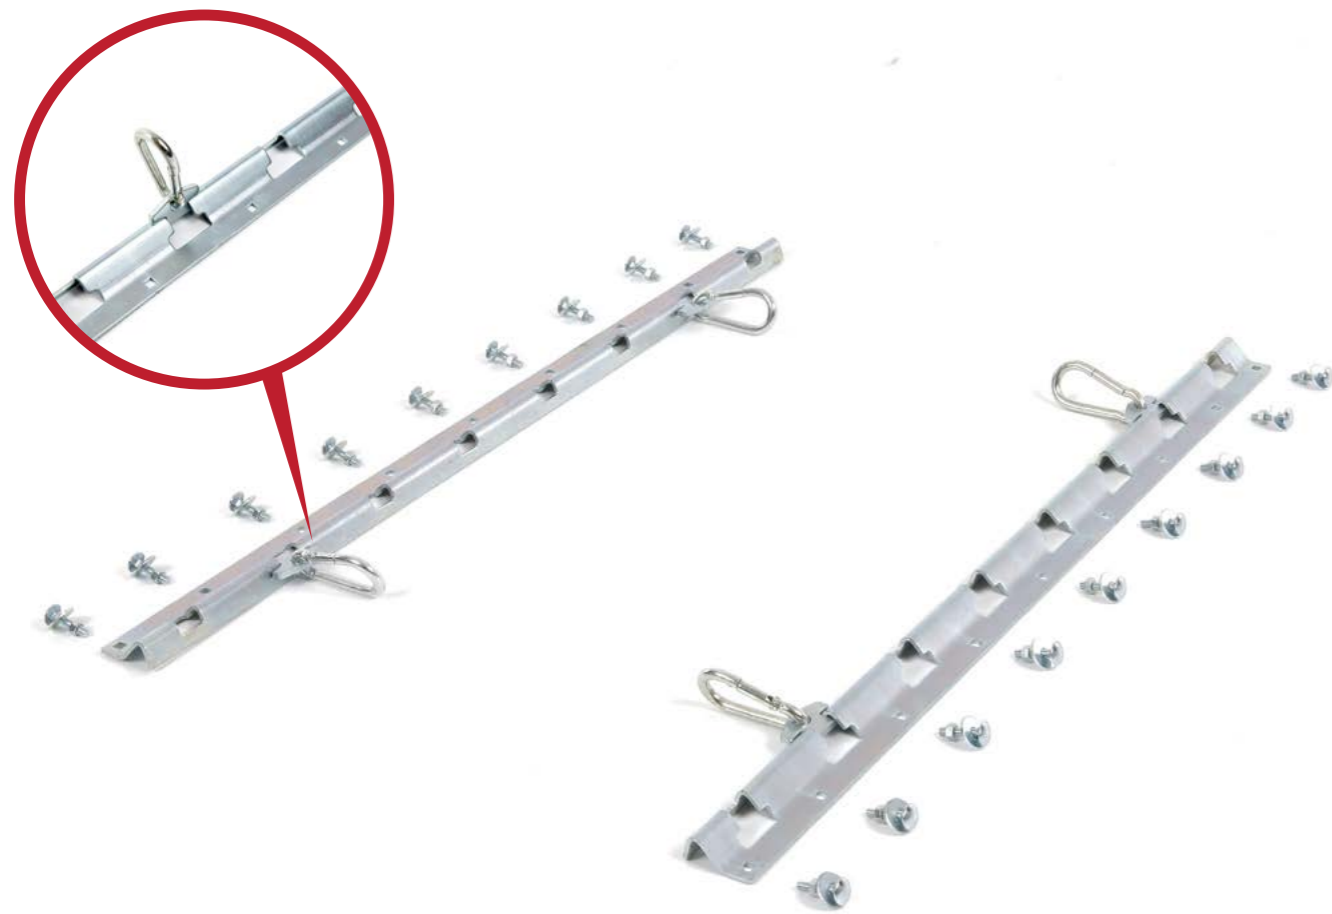

By using the foot pedal, your front wheel can be anchored to the stand. This makes it unnecessary to pull down your fork and damage the seals. By using the SteadyStand Cross, you will only have to use tie-downs to secure the rear end of your motorbike. The special foot pedal can be installed on both sides of the SteadyStand Cross.

#### Unique features

- ✓ Durable galvanized materials
- ✓ Specially developed for dirtbikes
- ✓ The footpedal is provided with a special secure lock-system
- ✓ Mounting bracket of choice for small or large cross tires
- ✓ Keyholes in the sideframe for easy removal of the SteadyStand Cross
- ✓ Multiple installation of the foot pedal

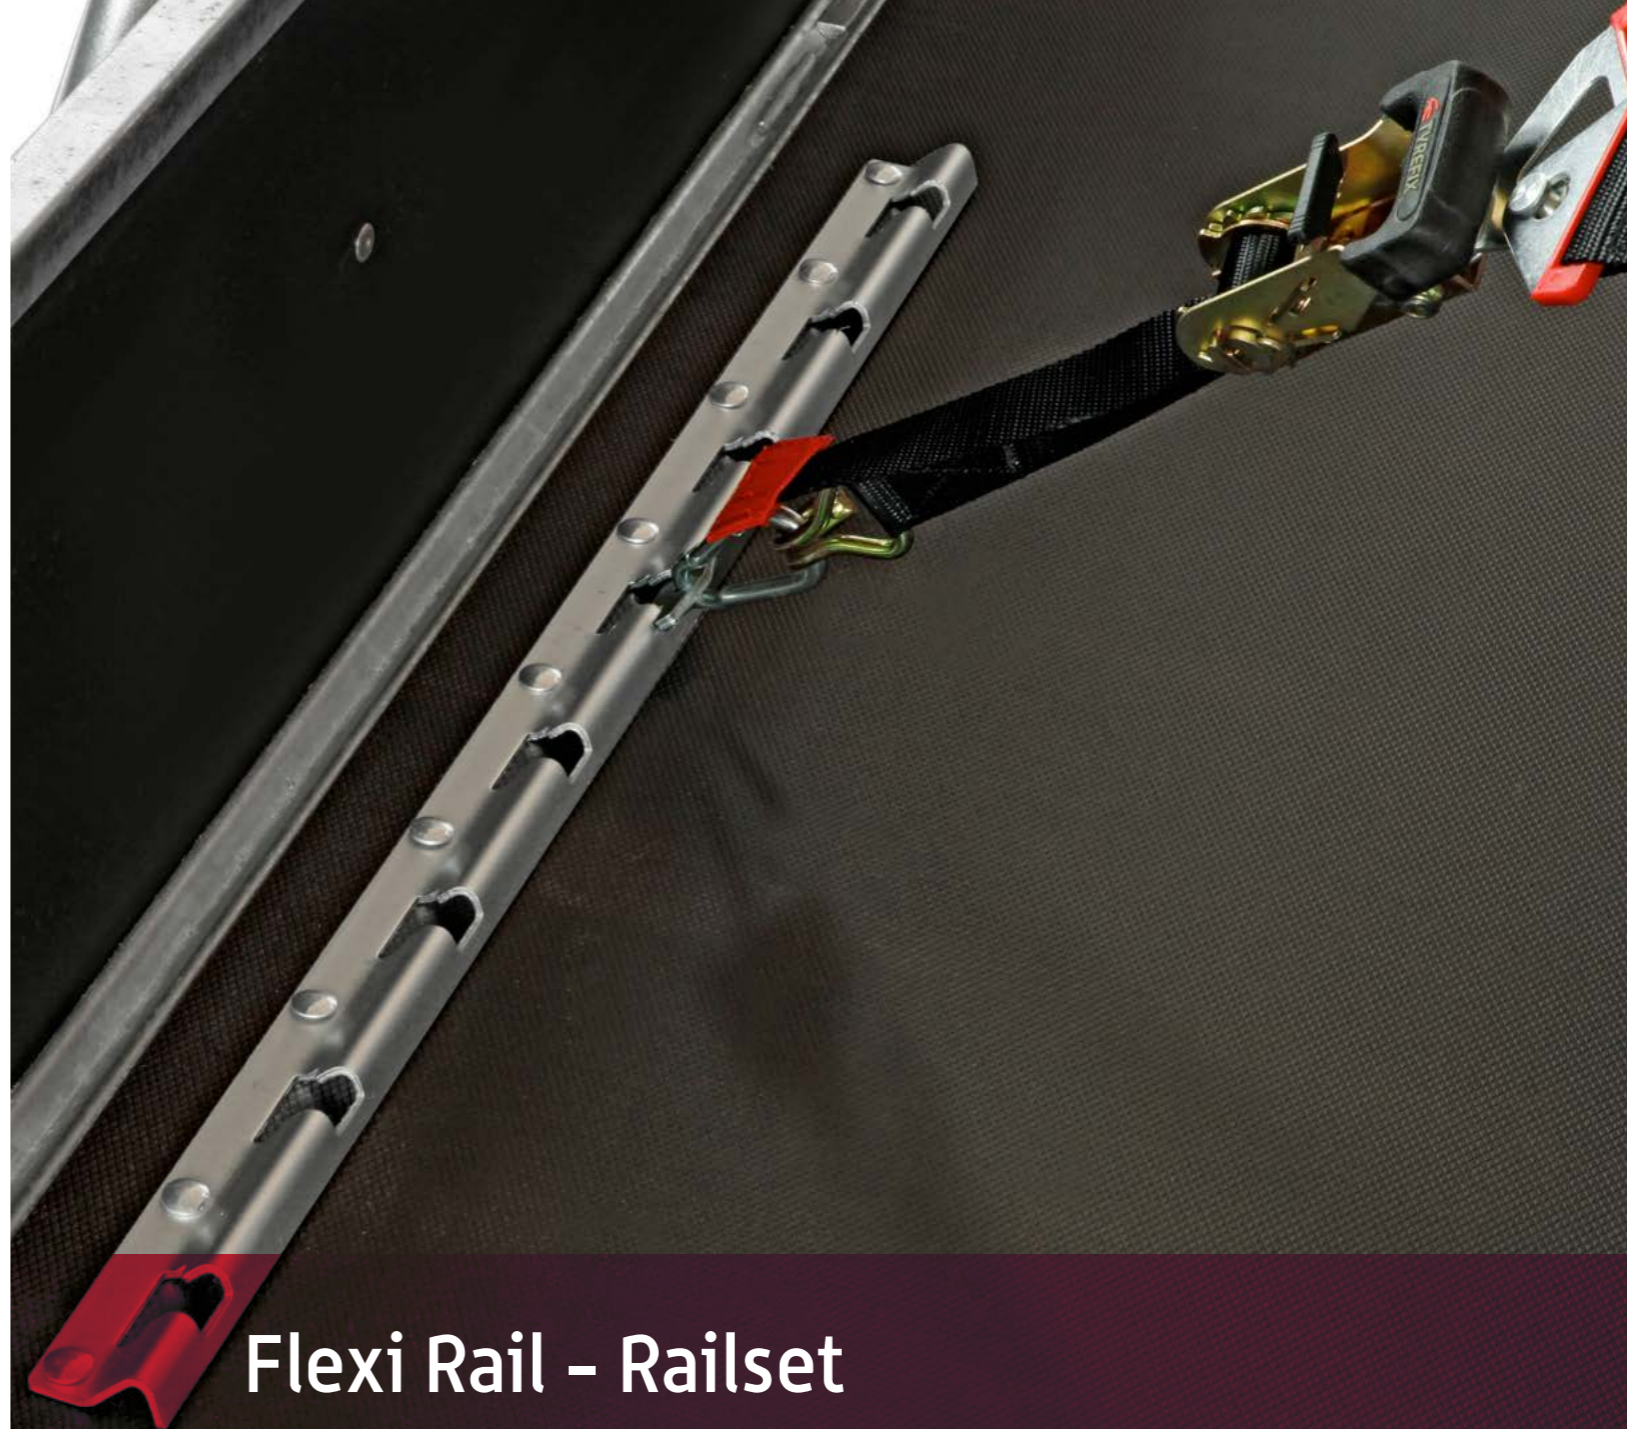

The Acebikes Transport Tie-Down Rail Set secures any type of motorbike to prevent it from moving during transportation.

**Unique features**

- ✓ Fully galvanized steel to prevent rust
- ✓ Suitable for every motorbike
- ✓ Possibility to secure on multiple points
- ✓ Sold in pairs, including carabines and fitters

The sturdy tie-down rails, made of galvanized steel, are bolted (both on the left and right) to the floor of the trailer or van. This enables you to attach tie-down straps securely and in any position you wish. The Transport Tie-Down Rail Set comes with convenient carabiners and fitters.

## Flexi Rail - Railset

#### Unique features

- ✓ Durable materials
- ✓ Light weight
- ✓ Special plastic parts to prevent scratches and damage to your vehicle
- ✓ Including a tension strap to secure the Loading Ramp during use

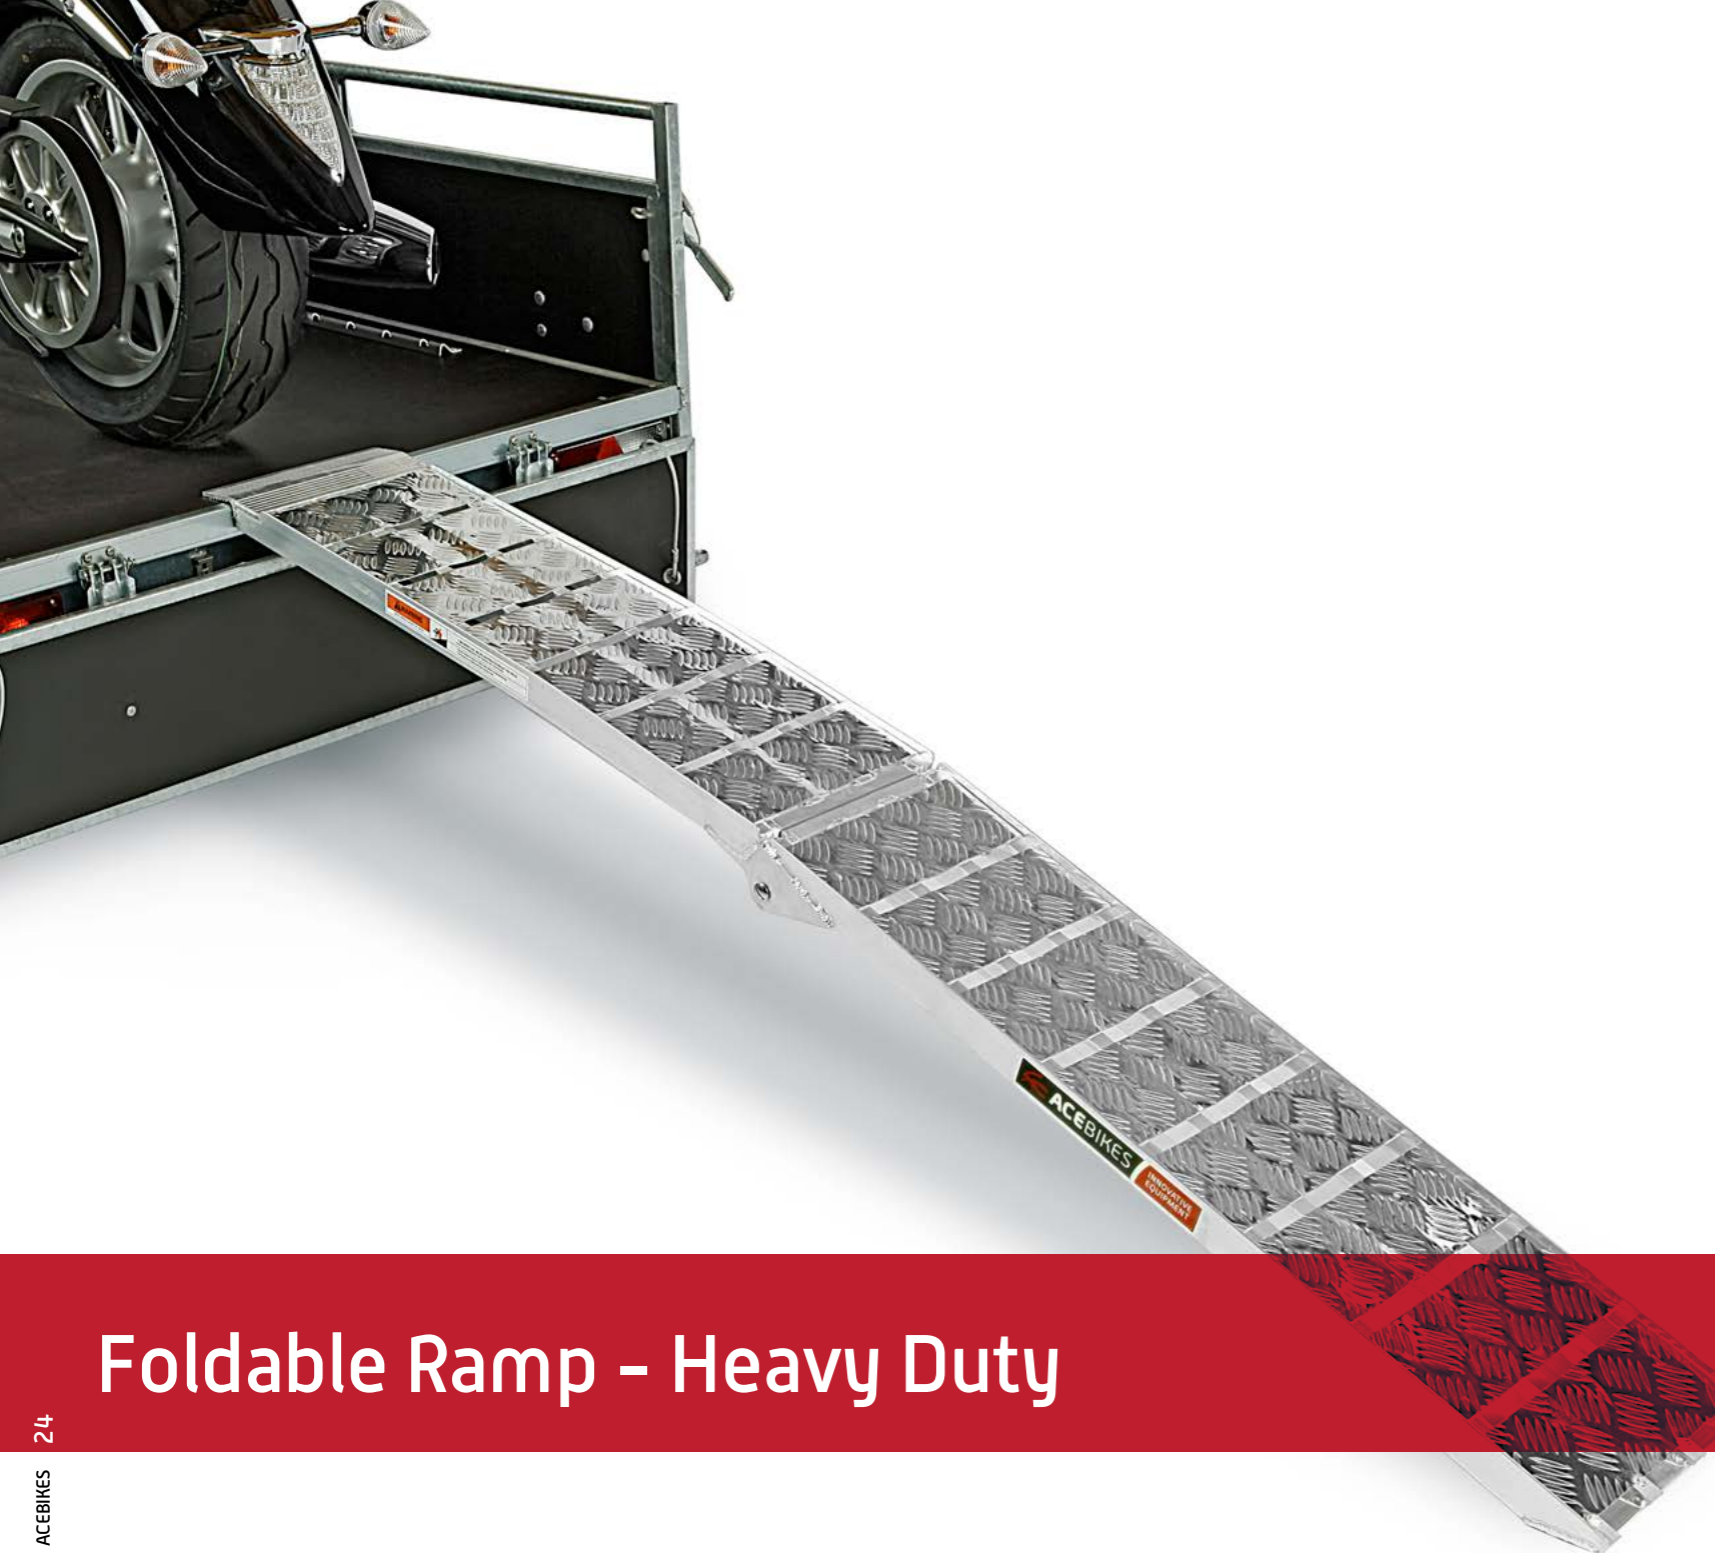

**This Acebikes foldable Loading Ramp is an extremely sturdy and firm ramp.**

Made of high quality aluminium for loading motorbikes onto a trailer, van or transporter. Suitable for all motorbikes weighing up to 340 kg. Because of the special plastic parts, it will not scratch or damage your vehicle. The Loading Ramp is provided with a durable rugged hinge to guarantee long durability. The total weight of the Loading Ramp is only 7,3 kg, therefore it is easy to fold for convenient, space-saving storage.

## Foldable Ramp

## Foldable Ramp - Heavy Duty

**This Acebikes heavy-duty Loading Ramp is an extremely sturdy and firm ramp.**

Made of high quality aluminium for loading motorbikes onto a trailer, van or transporter. Suitable for all motorbikes weighing up to 680 kg. Equipped with four beams for extra strength and a diamond plate for extra grip. The Loading Ramp is provided with a special and durable rugged hinge to guarantee long durability. The total weight of the Loading Ramp is only 12 kg, therefore it is easy to fold for convenient, space-saving storage.

### Unique features

- ✓ Suitable for all motorbikes weighing up to 680 kg
- ✓ Durable materials
- ✓ Light weight
- ✓ Diamond plate for extra grip
- ✓ Including a tension strap to secure the Loading Ramp during use

## Auto Ratchet Kit

The Acebikes Automatic Ratchet Kit is perfect for securing any type of motorbike.

- Unique features**
- ✓ Automatic retraction of strap with one press on the button
  - ✓ Resilient locking clips for extra security
  - ✓ Comes with two loops
  - ✓ Comes with handy carrying bag

Besides that, the Automatic Ratchet Kit is also ideal for securing medium-weight loads onto your motorbike. The plasticized hooks are provided with resilient locking clips for extra security. Because of the new automatic retraction mechanism in this Automatic Ratchet Kit -which is extremely hard-wearing, durable and strong- there are no more flapping ends on the move. This Auto Ratched Kit comes with a solid carrying bag for easy storage and 2 loops for safely securing the hooks to your motorbike.

**Unique features**

- ✔ Durable and extremely firm material
- ✔ Prevents damage while hooking
- ✔ Easy to use
- ✔ Create hookpoints anywhere you want

**With the Acebikes Loops set, you can create a hookpoint anywhere you want.**

To attach your lashing without risking any kind of damage to your motorbike. This makes the Loops Set ideal for the transport of your vehicle. Because of the durable and extremely firm materials used, this Loops Set is built to last.

**Loops set**

## TyreFix

### Unique features

- ✓ Easy to attach
- ✓ Durable materials
- ✓ Special friction material to prevent moving
- ✓ Suitable for every tire size
- ✓ Solid carrying case included, with zipper and carrying handle
- ✓ Fully sectioned construction for easy attach and detach

The Acebikes TyreFix is a tie-down set with a special tie-down strap system for securing any type of motorbike on a trailer, van or transporter.

The TyreFix ensures secure fixing and total protection. The flexible and durable material suits every tire size. To prevent your motorbike from moving, the TyreFix system is provided with special friction material. The construction is fully sectioned and therefore easy to attach and detach.

**The Acebikes BrakeFix brake lever jammer is used to lock the front brake for all types of motorbikes.**

The BrakeFix is wrapped around the brake lever and handlebar. It is easy to use, and with the firmly click system used, it is a safe and secure way of parking and transport your motorbike. The BrakeFix is perfect for parking your bike on the road, on steep slopes and mountain trails. Your motorbike stands firmly on any surface because of the durable material and clever design used. The BrakeFix also helps to prevent costly mishaps in transport.

**Unique features**

- ✔ Durable and extremely firm material
- ✔ Light weight
- ✔ Locked by a firmly click system
- ✔ Suitable for every motorbike
- ✔ Adjustable into different positions

**BrakeFix**

# HANDLING

## The Acebikes U-Turn Motor Mover helps you to easily lift and move your motorbike.

The U-Turn Motor Mover is adjustable without tools and is therefore easy to adjust to the size of your motorbike. No need to ride your bike onto the mover itself, just easily place the U-Turn Motor Mover in the right position and lift up your motorbike. Because of the light weight and durable materials, the U-Turn Motor Mover is easy foldable for storage. The high quality 75 mm swivel wheels make the U-Turn Motor Mover easy to move and therefore perfect to use in narrow spaces (f.e. a small garage).

### Unique features

- ✓ Easily lift and move your motorbike
- ✓ Light weight and durable materials
- ✓ Perfect for use in narrow spaces
- ✓ High quality 75 mm swivel wheels
- ✓ Foldable for easy storage
- ✓ Adjustable without tools
- ✓ Suitable for sportbikes with wheelbase from 130 to 150 cm
